

# HOME FIRE SAFETY

## Be Fire Safe :

Did you know that, if there is a fire, you may have less than 3 minutes to get out of your home? It is important to talk about what you should do to be safe. Make sure everyone in your home knows what to do if there is a fire. Not only is it important to know how to respond to a fire, but it is also important to take steps to prevent a fire from actually happening. The following resources are great places to start. Sign up for alerts, find tips, and discover checklists so that you can take steps to be prepared.
