**Fireworks: New boundary for no fireworks discharge – Interactive map**

[Clearview, WA] – \*In the state of Washington, fireworks are subject to state laws and local county or city laws.

As 4<sup>th</sup> of July celebrations are approaching, Snohomish Regional Fire & Rescue wants to remind residents of the laws and regulations within our fire district. There is a new boundary where residents are not allowed to discharge fireworks in parts of unincorporated Snohomish County. Use this interactive map to see if you live within the new boundary. [Snohomish Regional Fire & Rescue - www.srfr.org](http://www.srfr.org) - [Fireworks Safety](#)

Residents living in the City of Mill Creek are not able to purchase, possess, or discharge fireworks.

Within the City of Monroe and the City of Lake Stevens the discharge of fireworks is allowed only on July 4th from 9 A.M. until midnight. Visit the city websites for additional local regulations that are in place.

For the safest viewing of fireworks, Snohomish Regional recommends attending a public display fireworks show. If your family wants to enjoy a small fireworks display at home, Snohomish Regional recommends the types of fireworks you can buy at a local fireworks stand, and advises that ignition should only be conducted by adults wearing protective eyewear. Additionally, never pick up a firework “dud” and be a good neighbor by cleaning up your fireworks debris after your celebration.

Have a safe 4th of July!

###

*At the beginning of 2020, Lake Stevens Fire and Snohomish County Fire District 7 merged agencies and formed Snohomish Regional Fire & Rescue. The district serves over 175,000 people over 140 square miles and is dedicated to saving lives, protecting property, safeguarding the environment, and taking care of people in a fiscally responsible manner. Snohomish Regional Fire & Rescue serves the cities of Lake*

*Stevens, Mill Creek, and Monroe along with the unincorporated areas surrounding these communities. In 2020, emergency personnel responded to more than 16,000 emergency calls. Through community support, Snohomish Regional Fire & Rescue has built an advanced emergency response system in Snohomish County with highly trained personnel and progressive rescue programs. We appreciate your support and are grateful for the opportunity to serve our community.*
